

We Have Arranged

with the grocers whose names appear in the adjoining columns, to give a one pound package of H-O (Hornby's Oatmeal) FREE, for a short time, to each purchaser of a two pound package of The H-O Company's Pancake Flour. (Price Ten Cents.)

This is the first appearance of

The H-O Company

in the District of Columbia, and we come down here to sell a two pound package of Oatmeal (H-O) for 15 cts. We know very well that you have not been paying 15 cts., for two pounds of oatmeal, but H-O is really well worth the price, being larger and better oats, thoroughly steam-cooked and cleansed of all impurities. It is as different from ordinary rolled oats as a good steak is from a tough one.

H-O is not all we manufacture; we make a

Full Line of Cereal Products:

Self-raising Buckwheat, Pancake Flour, Pastry Flour, Hominy, Breakfast Wheat, etc.

Our object in giving H-O free, in the beginning, to buyers of Pancake Flour, is to introduce H-O and have it tested, at our own expense.

Meritorious

Self-raising Flours

are distinctly modern. Many good housekeepers have put them aside heretofore as unworthy innovations against well-established, good, old-fashioned customs, but the world moves on and one must progress with it or pass irretrievably into the "What Has Been."

The principle of self-raising flours is perfect, though a lack of scruple in their manufacture may heretofore have interfered with their success.

We are milling and mixing self-raising flours of absolute purity, which are as perfect in the practice as in the theory.

Will you not test them fairly? They emphasize the beginning of the new era of progress, comfort and economy.
